Whatever goes into your closet has never had it this good. Denim gets all the space it needs. Shoes have a balcony view. PAX allows you to design the perfect home for your wardrobe items at a price that still leaves room for some extra clothes. You can start online at IKEA.ca/PAX. Choose your exterior look and even plan the layout inside. Looks like your clothes are moving up in the world. Not to mention the other things that find their way into your closet.
